Bickel and approved by All (Ed Curran, Travis Herbert, Debora Bickel and Leona Schultze).

- Travis Herbert also provided an additional Excel Spreadsheet reflecting high water usage per each building. (See Spreadsheet). Travis stated that he was going to mention this in our next Newsletter asking Units to please check their toilets to ensure that they are not running and make the necessary repairs.
- **Old Business:**
 - Leona Schultze asked if the fencing owned by Casa del Sol was still going to be replaced. Ed Curran advised yes, around the middle of October 2019. She then asked what color the fence will be. Ed Curran advised Beige as the vinyl fence is not guaranteed in brown and will fade, and Leona Schultze stated that changing the color of the fence requires 75% of the Owners approval. Leona Schultze then stood up and began to handout some type of documentation to those present. However, the current Board was not given a copy of what was handed out.
 - The monies paid in error over the last several years by Alhambra for Clubhouse water will be paid back from the Master by yearend. The amount is just under \$6,000.00. Travis Herbert will follow-up to ensure this happens.
- **Open Discussion:**
 - 305B stated they have an issue with their fascia/Soffit. It appears to be like paper thin and squishy. Ed Curran asked Jenny to have somebody check that out and advise.
- Motion to adjourn made by Ed Curran at 7:04PM, Travis seconded the motion was passed by Ed Curran, Travis Herbert and Debora Bickel, opposed Leona Schultz.
